To Whom It May Concern:

In a Truck drivers aspect it has saved me time and money listening to X M satellite radio. The traffic and weather news is updated immediately as it happens. If the NAB would listen to what people want then perhaps they would have been a head of XM. XM is filling the needs of people from all walks of life. Please support XM listeners and reject the NAB's petition 04-160.

Respectfully yours,

Roger Thrailkill
